15th August Celebration

74th Independence Day was celebrated across the trust with great joy and enthusiasm. Tri-color was unfolded at Prarthna Bhavan, Sadguru Nagar, Anandpur by Shri Goverdhan Upadhyay Trustee in delightful presence of Dr. Vishnu Jobanputra, Shri Dheerubhai Hariani and members from Sadguru family.

Dhanbai's poor Vision

Dhanbhai Sen 55 Yrs female visited Sadguru Sankalp Netra Chikitsalaya Anandpur. She lives along with his two sons and their family in a Kachcha household in the village. Due to diminished vision, she was having difficulty in seeing distance objects and her mobility was restricted.

Her younger son was informed about SSNC by the villagers who accompanied her to the hospital. On examination, she was diagnosed as a case of BE Cataract and was admitted for RE surgery.

She was discharged on the next day after surgery and is now very happy to regain her vision. She returned happily along with her son who appreciated the patient centric services provided by SSNC.

SNC - A Ray of Hope

Willingness to cater the highest quality of care and services to all the individuals who come through or to those who are being reached, Sadguru Netra Chikitsalaya always puts lot of efforts to cater the eye care services effectively. The feel of being blessed, cured and regaining the vision is the extremity of SNC which reflects on the individuals who are being cured. The below case story narrates about the eight-year-old boy Ayan and also about their parent's delightful experience in SNC.

(Ayan's Father...)

With a lot of hope and belief filled in, we started our journey to Chitrakoot, a feel of optimism and a feel pleasantness was all around the place. In Children Eye Care Centre (CECC) of SNC, Ayan was diagnosed with Retinal problem (Retinal detachment a problem where retina separates from back of the eye) after consulting the respective consultant in the department, we were counselled regarding Ayan's surgery and without any hesitation either thinking about our financial circumstances we agreed for his surgery. The surgery went successful and our child restored his vision. All we wanted for him is to regain his vision and become a professional in his later life. SNC supported and stood by us by not letting our dreams to fail, we are very thankful and our gratitude towards SNC will stay forever...
