Success Story

From challenge comes change -

Women's Day Special

"Sushila's Story"

Sushila from Shivrampur village comes from an underprivileged family. Her husband works as a tailor in the nearby tailoring Shop and is not able to make both ends meet due to insufficient salary to support his dependent father, mother and younger sister.

Witnessing this crisis, Sushila decided that she too will learn sewing and support the family. She joined Sadguru vocational training centre and started learning the skills. Her husband bought an old sewing machine for her to practice and with her determination and hard work, very soon she started taking alteration jobs in her village. Mahila Samiti decided to start manufacturing non-woven fabric mask, gowns and drapes in 2016,

Sushila was considered to work at the manufacturing unit full-time and since the past five years, she has been supporting Mahila Samiti in making non-woven masks, drapes and gowns for Surgeons and patients.

She has been an outstanding support in producing mask and PPE kits during COVID-19 Pandemic Lockdown. She has not only increased the production rate but has significantly trained new staff and has reduced wastage.

Sushila's family is now financially stable by supporting her husband and the dependent family.

Her words, "This training and job has transformed my life; I want to support my husband, so that he can open his own tailoring shop. "I will always be indebted for the support and encouragement given by Smt. Usha B Jain".

Gift A Vision

Providing Sight to the Blind is the mission of
Shri Sadguru Seva Sangh Trust

Be the part of this movement and support us serve
under privileged rural Population especially women and Children

Gift - In the end, is all about love,
about compassion that touches the soul
We get - what we give
