Help Now !

In a small town of Timrani in Madhya Pradesh, baby Ashish lives with his parents.. He suffered from cataract since birth. His parents started realizing the problem as the baby did not responded to other common sights and voices normally. They visited a nearby doctor who refereed them to Sadguru Netra Chikitsalaya. Ashish's father is a laborer and their financial situation is not very sound. This deferred their arrival to Chitrakoot, but they were determined to get their child treated. Upon coming to the Children's Eye Care Center of Sadguru Netra Chikitsalaya, Ashish's operation was done by the Pediatric surgeon at no cost and the post-surgical care was counseled to the parents.

"Here in Chitrakoot, all are very cooperative. We are very happy that we got the best treatment with no cost. Our child's future is safe now. Thanks to Sadguru!" - Father of baby Ashish.

Gift a Vision

A cataract surgery will be performed on behalf of the donor every year.
