“Yogita” is from a small village of “Banda”. She comes from a poor background. Her father works as a daily wages labor in the nearby construction site. On an average he earns less than Rs. 200 a day. As he is growing old it is getting difficult for him to work hard physically. Most of the days he is unable to take any work.

She has two more siblings who are dependent on the father's income. Her mother is taking care of the household work. The elder brother does nothing.

As the earnings were not enough to make ends meet, so Yogita asked her father and mother, if she can take some vocational training in the Sewing, it will be an additional support. Yogita's father supported the idea but mother was rigid, as it involved fees and the sewing machine and moving to some place far from their village.

Her father borrowed some money and paid the minimal training amount at the vocational center. Yogita started to learn the skills. She learned very fast and started to take the repairing works in her village.

Keeping her skills in mind, when Sadguru Mahila samiti, Chitrakoot offered her a training and job. Yogita now works fulltime, making the drapes and gowns for the Surgeons and patients. She now has a bank A/C and deposits her earning and is supporting her family.

She has returned the money, which her father gave it to her in terms of fees. She is also supporting her younger sister with her studies, she wants excel other similar skills too.

“This training and job has transformed my life; I want to support my little sister with her studies to become a nurse.”

“Yogita” Success Story......
Jatan Bai 61 Yrs female from village Padli of Rajgarh district of Madhya Pradesh visited Sadguru Sankalp Netra Chikitsalaya (SSNC) Anandpur on 19th November 2018. She came to the hospital along with other patients from Pachore camp.

Jatan Bai lives along with her three sons and husband in a Kachcha household in the village. The family derives their income by working as agricultural laborer. Since six months she is suffering from headache and diminished vision in left eye due to which she was having difficulty in performing her routine work. She was unable to move at night without support.

She has been successfully operated for her right eye cataract at SSNC in past and as such she was familiar with the services offered by the hospital. She came to know about the Pachore camp from public announcement and other people from the village. After initial examination at camp site she was referred to base hospital at Anandpur for surgical intervention for where she was successfully operated for her Left Eye Cataract on 20th November 2018 and was discharged on the next day.

She is very much satisfied to regain her vision and returned happily along with the other patients from the camp. From now onwards she will be able to perform her routine work independently and can freely move around at night.
