

“I had no means to get my eyes operated. Thanks to Sadguru, now I can see. I am cured! “

Patient Index	F842073
Name	Ramdulari W/O Beni Pandit
Age	65 years
Place	Maihar, Madhya Pradesh

“I was afraid I would have to live with cataract. We did not even know that there is other option too. I don’t know how to express the gratitude. I will definitely come for the follow-up. Doctor says I will be all fine. “

Smt. Ramdulari lost her husband years ago in an unfortunate accident. She thought the life has come to a halt. That stop in her life was crucial to make her stronger inside. She raised the family on her own. She managed the life and her children now support her.

Since last two years she had trouble in doing her house-hold tasks. She told her daughter-in-law about this . Her son and daughter in-law brought her to the camp and talked to the counselor later to understand the process. They were told that as the patients are checked for and brought to the base hospital at Chitrakoot, they are then accordingly investigated and operated at base-hospital. . After operation, they are duly sent back to their place with incentive for follow-up. The family talked together and Ramdulari decided to give it a try. And happy as she is, she says thanks to Sadguru and exclaims, “Thanks to Sadguru for getting my eyes good again. May their tribe increase forever”!
